WORK EXPERIENCE

Encore Healthcare

Aug. 2022 – Present

Jr. Drupal Developer

Remote

- EH makes the NEXUS application which revolutionizes in-home respiratory management software
- As a developer, I work on the backend (Drupal/PHP) and frontend (React/Remix/JavaScript and Tailwinds/CSS) where I update code (PHP) for stronger security and smoother, cutting edge functionality.
- I create innovative and improved frontend experiences utilizing the latest technologies that communicate with the Drupal backend API as a headless application.
- While much of our work is accomplished as a team, my colleagues seek me out as a mentor and problem solver
 - I utilize a multi-step QA process to mitigate any issues brought about by code changes.
- Brought to Encore Healthcare (EH) by prior Fruition manager

Fruition

Jan. 2022 – Aug. 2022

Drupal Developer Contracted Intern

Remote

- Focused on Drupal segments including:
 - Site building
 - Installing/enabling modules
 - Setting up theme hooks
 - Information migration
 - QC of the site via a Git repository
 - Site documentation
 - QA of merge requests
 - Patch work for websites and drupal.org
 - HTML/CSS/JS/PHP editing
- Head hunted by president of Aspiring Web when he dissolved AW and took a role with Fruition.

Aspiring Web

Jan. 2021 – Jan. 2022

Drupal Developer Contracted Intern

Middleboro, MA

- Learned site building and basic PHP code in Drupal 7 & 9 environments

Siemens

Mar. 2020 – Feb. 2022

System Specialist

Greater Boston Area, MA

- Set up and configuration of PC workstations and user interfaces
- Supported the confirmation of proper network performance
- Programmed Siemens DXR and TEC controllers to work with various sensors and systems using BACnet/Ethernet and Modbus communications
- Installed, set up, and commissioned HVAC systems for High Rises, hospitals, universities, and other venues
- Created automated backup procedures for data servers
- Troubleshooted and resolved inconsistencies in functions and/or sequences of operation

EDUCATION

LeTerneau University

Longview, TX

B.S. Interdisciplinary Studies (Electrical Engineering, Mathematics)

Bristol Community College

Fall River, MA

A.S. in Engineering Transfer (Electrical)
